

Actions from March 7<sup>th</sup> working ABAC strategy session:

1. Form a Working Group
  - Coordinate with Department of Public Works (DPW)
  - Coordinate with other Towns
  - Leverage the MIT Student Study
  - Identify
    - Problems
    - Solutions
    - Priorities
    - Gather Data (should we?)
      - Safety Oriented
      - Crowd Source
      - Traffic Counts (expanded)
        - Behavior
        - Risk assessment
        - Type of vehicle
2. Create a .PDF flyer to promote ABAC
3. Increase communication with neighboring bike committees
  - Somerville, Cambridge, Medford, Belmont, etc.
  - Target recommendations at 'dangerous' / multi-modal / turbulent intersections
4. Jack to write up a ABAC history document
5. Form a signage working group to propose implementation for MMBW, Heavy traffic roads, schools etc.
  - Rod offered to guide / vet money requests plans
  - Coordinate w/DPW on medium range road maintenance plans
  - Leverage the ongoing plans and propose signage / cycling general improvements at the same time
  - Volunteers to be on the Signage Committee: Rod, David, Chris, Jack
